Applications for registration must be made upon blanks furnished by the Board, and must be accompanied by two photographs of the applicant; said photographs must be size $3\frac{3}{4}$ by $4\frac{3}{4}$ inches. One of the photographs must be certified by the dean or registrar of the medical school from which the applicant is graduated, or by a person authorized to administer oaths, and who is known to this Board. All applications, together with the required fee of \$25.00 and the required vouchers, must be filed not less than seven days before the date of the examination.

In receipt of an application properly executed, a ticket of admission is issued to the applicant, showing his application number and the date and place of the examination. One of the photographs submitted with the application is also returned with the card, and the number of the application is designated on the photograph, and both card and photograph must be presented by the applicant at the time of the examination. Cards are issued to rejected applicants entitled to a re-examination upon payment of a fee of \$3.00, when applied for not later than Tuesday of the week next preceding the date of an examination.

Three examinations yearly are provided by law, beginning, respectively, on the second Tuesday in March, July and November. Extra meetings for conducting examinations have been held beginning on the second Tuesday in May. The Board has voted to discontinue the September examination in the future.

The examinations are conducted in English only, as required by law, and are intended to cover substantially the instruction given in the high-grade medical schools in this country. The subjects on which the examinations are principally conducted are anatomy and histology, pathology, bacteriology, surgery, obstetrics and gynecology, diagnosis and therapeutics, pediatrics and toxicology, psychiatry, biology, chemistry and physics.

In July of this year, Dr. Samuel H. Calderwood, a most faithful member of the Board for over thirty years, who had also served both as Chairman and Secretary during his membership, tendered his resignation to the Governor.

The Board feels that in the withdrawal of Dr. Calderwood it has lost the companionship and counsel of a most loyal member.

Dr. Charles P. Sylvester was appointed by the Governor to fill the unexpired term of Dr. Calderwood.

The Board has been in actual session twenty-two days; has conducted eighteen hearings; revoked three certificates of registration, suspended four and restored three.

REGISTRATION OF CHIROPODISTS.

The Board has held two examinations; examined nineteen applicants for registration; registered seventeen and rejected two. Each examination has occupied one full day. The written exercises are conducted in the State House, and the practical work under the supervision of Messrs. Kenison and Pettingill, at the School of Chiropody. Each applicant is required to provide his own equipment for the practical work and to furnish a patient upon whom to demonstrate his fitness for practice.

Four hundred and fifty-nine chiropodists have renewed their registration certificates for the year 1925, as required under the section providing for annual renewal.

A list of the physicians and chiropodists registered during the year will be found in the Appendix.

Respectfully submitted,
